

## SHORT BIO

Jinchao Li is a Ph.D. candidate in [The Chinese University of Hong Kong](#), advised by Prof. [Helen Meng](#). He obtained a B.S. from [Nanjing University](#), advised by Prof. [Jing Lu](#). His research centers on multimodal AI (speech, language, vision) for social good, with a particular focus on detecting Neurocognitive Disorders (NCD). His doctoral work introduces a reliable and holistic multi-modal narrative assessment framework that computationally bridges language and cognition for NCD detection.

## EDUCATION

- Ph.D. | [The Chinese University of Hong Kong](#)  Aug. 2019 - May 2026 (expected)  
Information Science @SEEM, advised by Prof. Helen Meng [Fellow of ISCA and IEEE](#)  Hong Kong SAR
- B.S. | [Nanjing University](#)  Sep. 2015 - Jun. 2019  
Acoustics @Physics (major, GPA Top-1) & EE (minor), advised by Prof. Jing Lu  Nanjing, China

## HONORS & AWARDS

- Best Paper Award of MCHM Workshop in ACM Multimedia  2025
- Winner of The ACII Affective Vocal Bursts Competition (Two tracks)  2022
- Excellent Undergraduate Thesis, Nanjing University  2019
- National Scholarship, the Ministry of Education in China  2017

## RESEARCH EXPERIENCE

- **NCD Detection** | [Microsoft Research Asia](#) & [CUHK-HCCL](#)  
Multilevel cognitive-linguistic modeling with multi-modalities (speech, text, vision) for NCD detection.
- **Omni Spoken Large Language Model** (Intern) | [Alibaba DAMO Academy](#) & [Meituan](#)  
Large-scale data progressing (profile & viz) and speech-empowered large language modeling (pretrain & RL).
- **The ACII Affective Vocal Bursts Competition** | [Hume AI](#)  
Multi-culture affect prediction, achieving 1st place in TWO & CULTURE tasks and 2nd place in the HIGH task.
- **Emotion Recognition (ER)** (Intern) | [Tencent](#)  
Multimodal ER using context information and attention mechanism, achieving SOTA results on IEMOCAP.

## ACADEMIC EXPERTISE

- **Service & Teaching:**
  - Peer reviewer of top-tier venues including TASLP (journal), ICASSP, INTERSPEECH, COLING, etc.
  - Associate organizing chair of 2023 International Doctoral Forum (responsible for organizing the review process)
  - Co-teacher of graduate course “Conversational AI systems” (ASR section), CUHK (Fall 2022)
  - Teaching assistant of undergraduate course “Linear Algebra for Engineers”, CUHK (Every Term 2, 2019-2023)
- **Programming:** Proficient in Python; experienced in MATLAB, Shell, and other statistical and machine learning tools
